WR 11 Radio

WR 1 Radio installed with WR 9 fitting kit

## RADIOS

The English Motorola Radio is one of the most powerful car radios made today. It is custom designed for Rootes products and is available as a preselector Push-Button model or manually tuned model. Both radios are fully transistorized and give outstanding reception and tonal quality.

## FITTING KITS

These Kits are for use with either of the above radios. They are specifically designed to facilitate the fitment and customize the appearance of the radio in your car.
